- » Please read the [migration guide](#)
- » [Avoiding reference \(memory\) leaks in MEF for Metro style apps](#)
- » Creating a [Standalone Web API dependency resolver using Microsoft.Composition](#)

SYSTEM REQUIREMENTS

There are currently no defined requirements.

Important: the documentation below is for [preview versions](#) of MEF. Most users should use the [introductory](#) and [reference documentation on MSDN](#) (more).

- » [Learn more about MEF](#)
- » [Read the MEF Programming Guide](#)
- » [Read our sample documentation](#)
- » [Architecture Overview](#)

Please bear with us while we move the remaining 'version 1' documentation from this site to the .NET Framework Developer Center on MSDN.
